

Statement of HLG/HLG-C Series 7-Year Warranty

MEAN WELL Enterprises Co., Ltd. (MEAN WELL) warrants HLG/HLG-C LED driver series possess the highest quality requirement in their performance, components, and workmanship and provides 7-year limited warranty for the units manufactured starting from 2015.1.1 and thereafter (*Note 1*). This warranty is conditioned upon proper storage, installation, usage, and maintenance. Under proper usage within the defined operating range based on the datasheet, MEAN WELL shall correct any defects, at MEAN WELL's option, by either repairing any defective parts or replace a driver. More detailed explanations are listed below:

1. The case temperature (measure at the defined location advised on MEAN WELL's datasheet.) should be lower than the defined value below to utilize the 7-year warranty:
 - HLG-40H (case temperature 75°C or less)
 - HLG-60H (case temperature 70°C or less)
 - HLG-80H (case temperature 75°C or less)
 - HLG-100H (case temperature 80°C or less)
 - HLG-120H (case temperature 75°C or less)
 - HLG-150H (case temperature 80°C or less)
 - HLG-185H (case temperature 75°C or less)
 - HLG-240H (case temperature 75°C or less)
 - HLG-320H (case temperature 75°C or less)
 - HLG-480H (case temperature 75°C or less)
 - HLG-600H (case temperature 75°C or less)
 - HLG-60H-C (case temperature 75°C or less)
 - HLG-80H-C (case temperature 70°C or less)
 - HLG-120H-C (case temperature 80°C or less)
 - HLG-185H-C (case temperature 75°C or less)
 - HLG-240H-C (case temperature 75°C or less)
 - HLG-320H-C (case temperature 75°C or less)
 - HLG-480H-C (case temperature 80°C or less)
2. Damaged by lightning shock over 4kV (L, N to FG) / 2kV (L to N) (refer to EN61000-4-5) is not covered in this warranty program.
3. Through MEAN WELL's evaluation, if the driver needs to be replaced by a new one, the new unit will use the original serial number sticker (date code) of the defective unit and follow the remaining warranty period.

HLG/HLG-C series products are designed by advanced high efficiency topology and use high reliability components. All models are executed DMTBF (Demonstration Mean Time Between Failure) / accelerated aging test and proved that the lifetime is compatible with the warranty period if the LED driver has been

properly operated within the specification. HLG/HLG-C series acquired global certificates, such as UL, TUV/ENEC, CE, and CB, and have been witnessed for the supreme anti-surge capability by the certified independent certification laboratories. We believe that the HLG/HLG-C series is a highly reliable driver solution for all kinds of indoor or outdoor LED lighting applications.

Note1: Based on the Serial Number exhibited on top of the product label. For the units manufactured prior to 2015.1.1, MEAN WELL provides 5-year warranty.
